

Not Guilty For Family Development

2023

ABOUT US

Not Guilty For Family Development is a non-government organization founded in 2012 by Dr. Laila Risgallah. The organization works on awareness-raising campaigns that aim at abolishing sexual abuse, bullying and any kinds of abuse in the Middle East and North Africa (MENA) region, Not Guilty follows methods of protection through trainings, workshops, and awareness-raising activities/games to educate, spread awareness and protection for adults, youth, and children in a simple and fun way. We train trainers (TOT) in the educational field to create a safe environment for children and adults. We offer lectures to parents about positive parenting, and we have a special program called “Mahboobeen” for children who are suffering from the separation/divorce of their parents. We provide training for companies and factories on providing a safe work environment, and we discuss the policy of reporting if any abuse occurs in the workplace. Last but not least, we offer a workshop called “Motamyzeen” for children aged 5-12 years on various topics for self-development through arts & crafts only.

OUR MISSION

Our mission is to abolish sexual abuse, bullying & trauma. We seek to empower children, their families, and society with knowledge about the devastation of sexual abuse. The aim is to flood the Middle East with materials, provide support and deliver prevention services to children, youth, parents, teachers, social workers, and other caring adults.

OUR VISION

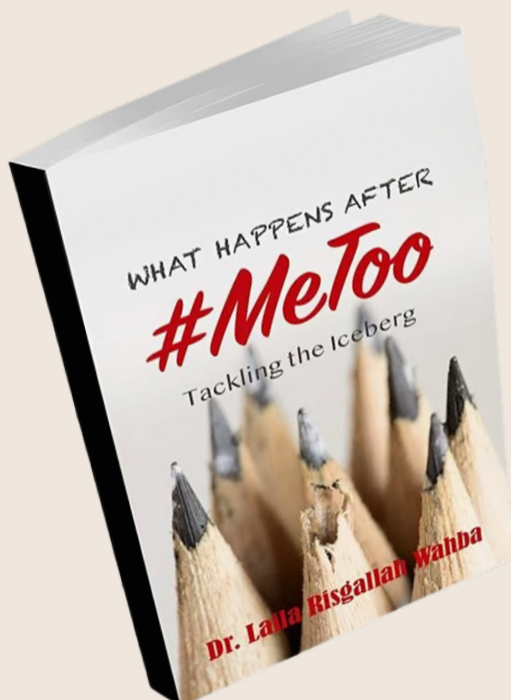

We dream of a Middle East free from sexual abuse, bullying or any kind of abuse and a safe environment for every child, woman and man.

MEET THE FOUNDER

Dr. Laila Risgallah is an Ashoka fellow and a pediatrician. She is the first to work on prevention of sexual abuse in Egypt. Dr. Laila is a pediatrician with a PhD in childhood studies and a bachelor of psychotherapy. She published two books; "The Silver Box" and "What Happens After #MeToo: Tackling The Iceberg" available on Amazon & Kindle. During her career she has trained thousands of children and hundreds of parents and teachers. Being a pediatrician helps her become a voice to those who have no voice. Dr. Laila strives to bring every organization or school she works with to new heights of safety and awareness.

NEW WORKSHOP

In the summer of 2023, we started a new workshop called **“Motamyzeen”** for children ages from 5-12 years old in which they learn about different topics for their self-development through arts & crafts only.

More Achievements in 2023

We made renovations to our organization and opened a training room for workshops and sessions that accommodates up to 20 people.
